This week on Saturday October 28th, the Dominican's Women's Lacrosse team travels to UC Davis to play two scrimmages to wrap up the fall ball season. The Penguins will play Oregon and UC Davis. On October 7th, Dominican played their first home fall-scrimmage of the 2023-2024 season against UC Berkeley. As a DII program playing against a DI program, Dominican played a well, hard fought game/scrimmage and kept up well with playing against a Division 1 program for the first time.

Leading up to these scrimmages the Penguins have been working hard each week in practice and are getting ready to eventually hit the spring semester where they will be officially in season and are excited for the 2023-2024 schedule.
