Gilligan's Poke Shop in Sausalito is a hidden gem for Hawaiian poke offerings and a different addition to the seafood scene. Located at 46 Caledonia Street, within the Sausalito Market. This location provides a casual and laid-back environment, ideal for a quick meal or takeout. While the shop primarily serves as a takeout spot, there are benches nearby where customers can enjoy their meals outdoors, soaking in the picturesque views of Sausalito. The menu features a variety of tuna poke options, with many customers praising the freshness and quality of the fish. Notable items include:

- Tuna Poke: Frequently mentioned as a standout dish, it offers a few selections such as shoyu, spicy, and lime that many find irresistible. Personally I find the Spicy and Shoyu combo to fit the best experience. The shoyu sauce provides a more soy sauce-like flavor with the onions to compliment. On the other hand the spicy mayo adds a little kick and light creamy flavor whilst keeping the soft texture of the fish.
- Smoked Fish Dip: This appetizer has also received positive remarks, often enjoyed with crackers or bread, this smoke salmon-like dip is made fresh for purchase on-site.
- Seaweed Salad: A side salad for those looking to get their daily greens as well as a different take on veggies for the kids.
- Customizable Bowls: Customers appreciate the ability to tailor their poke bowls to their taste preferences such as brown/white rice, and an addition to furikake seasoning enhancing the overall dining experience.

The staff at Gilligan's Poke Shop has been described as friendly and efficient. Many reviews highlight the staff's willingness to assist customers in choosing their meals and ensuring a pleasant experience. Overall, Gilligan's Poke Shop is considered a hidden gem in the Bay Area, particularly for poke enthusiasts. With its fresh ingredients, diverse menu options, and convenient location, it has quickly become a favorite among locals and visitors alike. For anyone in Sausalito wanting that fresh poke quality similar to Hawaii, Gilligans is definitely worth a visit.
