

DO YOU LIKE MY SHIRT TODAY ?

Slay The Dragon!

This shirt belongs to Jaiden Gaskin-Vilson, a soundcloud artist who started working on music with just an airpod and garage band. Making music with just beats alone made him realize he had a passion for music. He downloaded other apps so he could start mixing his music, and putting them out on soundcloud, spotify, apple music, and other streaming services. Jaiden recently hit 10K on Soundcloud, and has almost 2,000 listeners on spotify. He was almost signed twice by a underground production, but wanted to increase his audience more. His family and friends, including myself, are very proud of his successes.
