Hey, cookie enthusiasts! This week's Crumbl Cookie lineup is all about those classic comfort flavors you crave. Starting off strong with Crumbl's famous semi-sweet chocolate chunk cookie: a delicious cookie packed with irresistible chocolate chunks and a sprinkle of sea salt on top. Next on the lineup is a double-fudge brownie. A delectable treat filled with semi-sweet chocolate chunks and creamy milk chocolate drops, topped with rich fudge frosting. Also on the menu is Crumbl's classic cookie dough. A brown sugar dessert covered with creamy buttercream and cookie dough bits. The remaining flavors on this week's roundup include a warm blueberry muffin that's smothered in a buttery cake glaze and topped with blueberry muffin streusel. Crumbl's next pick of the week is a Peanut Butter Crisp ft. Butterfinger. This is a rich peanut butter cookie with melted chocolate and crunchy Butterfinger pieces. Last but certainly not least is their cornbread cookie. This cookie is smothered with honey butter glaze and topped with a thick honey buttercream and drizzled with honey. Don't miss out on these delicious Crumbl Cookies—head over before the week ends and the flavors change! Trust me, you won't want to miss a single bite!

Good work-make sure the Tagalog and Spanish articles are separate docs-it's easier for the editor to upload that way.
