

DO YOU LIKE MY SHIRT TODAY ?

Redwood Rage !

My Story

This shirt portrays my high school year, when I moved to California, I transferred in a small city called Visalia, and went to Redwood High School. It was during Covid-19 so everything was on zoom, but my senior year was on campus, and the first thing I was introduced to was this shirt. They give out these t-shirts every year to show our pride, but also sticking to redwood traditions. We wear these to football games, major events, and you even could wear this on a regular day

out of school to represent the Redwood. I only have 2, but they make it available for students on campus. This shirts reminds me that if it wasn't for the teachers, admins, my band director and my hard work, I wouldn't have strived and worked as hard as i do now!
