Oliver Gonzalez and the 10/12/26

FC Barcelona Returns From International Break Where They Left Off

FC Barcelona won 3-0 against Getafe on October 10th, continuing their strong start to the 2026-27 season. With this win, Barcelona is at the top of the table with a record of 8 straight league wins. The two new summer signings opened up the scoring in the first half with the first goal going to Anthony Gordon and the second to Gabriel Jesus. Jules Kounde then put in the third in the second half, securing the win. Barcelona kept control of the game while Getafe struggled to establish rhythm.

Before this match was played, club soccer was paused due to an International Break. An international break is when the country's teams play, so players from respected countries get called up and play games against other countries. During the break, many of the players from FC Barcelona had impactful performances for their countries. The standouts players from the club were Yamal with four goal contributions for Spain, Anthony Gordon with another four goal contribution, and Cancelo with two goals for Portugal.

The break also brought some concern for Barcelona, particularly with the star forward Raphinha. While representing Brazil he suffered a minor injury that left him out of the game against Getafe and in doubt for the Champions League game this coming week. On the bright side they recovered starting goalkeeper Joan Garcia from a knee injury during the break.

Barcelona has shown promising signs for a successful season, but maintaining this level of play throughout the season will be the challenge. With many games coming up in La Liga and Champions League, it will be manager Hansi Flick's job to manage players' fitness and injury woes.
